# From the Publicity Director

Hi there!

Well folks, summer is here and school is out. Now is a great opportunity to get the family together, take the youngster and/or a friend to one of our club shoots, show them what archery is about, meet other club members and most importantly, support each other! If you haven't been to other clubs beside your own, then this is the time to do it! See what other clubs have to offer, their clubhouse and other facilities, and shoot their range. You maybe in for a surprise. After all, it won't be long before bowhunting season begins.

As we wind down the season, we have two more VBA State Tournaments: the VBA 3-D Fall Classic on August 16<sup>th</sup> & 17<sup>th</sup> hosted by Kingsboro Bowmen and the State Closed on August 30<sup>th</sup> & 31<sup>st</sup> hosted once again by Two Rivers Archers. Both the VBA 3-D Spring Classic at Augusta Archers and the State Open at Sherwood Archers had beautiful weather and a really nice turn-out! VBA would like to thank those clubs that hosted the tournaments and the folks that helped them. The results have been posted on the VBA website – [www.vbarchers.com](http://www.vbarchers.com) and in this issue of FLIGHT as well as the New State Records, set by some great archers.

Although the VBA meeting coincided with the State Open, there were only nine club delegates present. I suppose folks just wanted to come to the State Open, meet those they haven't seen in a while and meet new archers, relax and just have fun. Our next quarterly meeting will be back in Harrisonburg on Saturday, September 20<sup>th</sup> & 21<sup>st</sup>. Looks like we may be back on schedule.

Following are the 2009 proposed VBA State Tournament dates and clubs that submitted their bids, which will be voted on at the September meeting:

VBA Meetings – January 10<sup>th</sup> & 11<sup>th</sup>, March 21<sup>st</sup> & 22<sup>nd</sup> (Annual Awards Banquet), June 13-14 and September 19<sup>th</sup> & 20<sup>th</sup>.

VBA State Tournaments – Indoors on February 28<sup>th</sup> & March 1<sup>st</sup>, Spring 3-D Classic on April 18<sup>th</sup> & 19<sup>th</sup>, State Open on May 23<sup>rd</sup> & 24<sup>th</sup>, Fall 3-D Classic on August 15<sup>th</sup> & 16<sup>th</sup> and the State Closed on September 5<sup>th</sup> & 6<sup>th</sup>.

Submitted Bids - Indoors: Kingsboro, Sherwood, Augusta and Belvoir (since it's a sectional, they all can host the Indoor), Spring 3-D Classic: Augusta, State Open: Sherwood, Fall 3-D Classic: Manahoac and the State Closed: Augusta.

That's all for now. Wishing everyone a safe and enjoyable summer...

Yours in Archery ~~ Irene Stocksdaile

## *A VBA Banquet Hunt*

*by*

*Dave Burpee, VBA Hunting Vice President*

Bob Seltzer displays his trophy after a successful South Carolina turkey hunt.

The VBA has been blessed over the years to have outfitters donate guided hunts for silent auction at the VBA awards banquet held each March. These hunts have been an important source of revenue for the VBA. Equally important, they have been portals for VBA bowhunters to have terrific hunting experiences. This article chronicles the most recent VBA banquet hunt as a typical example.

The 2007 banquet featured a three-day guided turkey hunt by Rick Grubbs of Waccamaw Hunting Services, Hemingway, South Carolina. Bob Seltzer had the top bid and later I contracted with Rick to accompany Bob on the hunt.

A relaxed trip of about 10 hours in my truck began near Washington, D.C., included multiple stops for breakfast/lunch/gas, and ended at a well-appointed hunting lodge run by Rick – the 2003 North American Hunting Club Dodge Outfitter of the Year. Rick was there to meet us and then quietly disappeared to give us plenty of time to move our gear into the lodge before meeting with us to plan the next day's hunt on the 13,000 acres of private property available to him, all of which are in two of the most game

rich counties in the southeast. The properties he leases include corn, peanuts, and soybean fields, hardwood bottoms, pine thickets and transition areas.

A unique and welcome feature of Rick's hunts is that he only has two turkey hunters in camp at any one time. This resulted in great individual attention to Bob and I and also gave us lots of room to spread out in his lodge, which had room to sleep five plus a nice kitchen, an expansive living room with multiple trophy mounts, and (importantly) a good TV connection to waste the mid-day non-hunting hours.

The first day opened cool but pleasant. Rick had us quietly slip into a hunting location that overlooked a large grass field. We backed into a small row of trees that separated us from another field and began the wait/hunt. Rick is an excellent turkey caller and soon the trees were alive with the sound of music. Birds talked, Rick answered and soon we spotted a large tom about 100 yards away at the end of the field. After much enticing with the sexiest possible hen calls, Rick had moved the

bird near the decoys and about 40 yards from us. One final touch on the slate and it was over – the tom moved closer and Bob sent it to its reward. The turkey had a beautiful fan, weighed almost 17 pounds and had ¾-inch spurs. The beard was short – only about 6 inches – because the lower half had been damaged.

The rest of the day was spent relaxing in camp and then hunting in separate “ambush” locations while Rick scouted his properties to find where birds were moving/roosting so the next morning hunt would be most effective. The ambush locations had birds move through them but they did not show enough curiosity for the decoys to come close enough for a shot.

The next morning carried the threat of rain, but it did not materialize. We again moved quietly into a line of trees and set the decoys out in an open area where Rick had located much sign of turkeys strutting. Once again he had put us in the right place because just as the sun came up the trees erupted with turkey gobbles as toms made their locations known to the females of the species. About 30-minutes later, we spotted a hen about 80 yards away near some trees. Shortly thereafter a tom flew out of the trees and enticed his sweetheart to a session of love. After she left, he spotted our decoys, heard Rick’s calls, and decided he was just getting warmed up. He strutted almost the entire distance to the decoys and at 30 yards made the mistake of coming out of his strut to get a good look at the new ladies. I quickly dispatched him and he died a happy turkey. He was over 19 pounds, had an 11 ½-inch beard and one-inch spurs.

The rest of the day was again spent relaxing until it was back to new ambush positions while Rick scouted. Once again, birds were moving in the vicinity, and several good opportunities were missed only because birds passed by on an angle that kept them from seeing the decoys.

Our last morning, Bob was sick so I took to the woods with Rick. He demonstrated his knowledge of the properties and the value of his afternoon scouting by landing us right in the middle of numerous turkeys. This time we weren’t so lucky. The birds flew down from their roosts to hens that were moving away from us and an opportunity never presented itself. We relaxed the rest of the day and then took up ambush positions that afternoon. Again, birds were in the vicinity but I made the mistake of moving slightly at the wrong time and a sharp-eyed hen saw me and moved off sounding the “hunter alarm” every step of the way. Oh well.

We left for home early the next morning and spent most of the time talking about how we had enjoyed all aspects of the hunt. The trip was a reasonable distance and splitting the transportation costs kept it very affordable. The lodge was extremely comfortable and had plenty of room for us to spread out. The turkeys were plentiful and the properties had easy access. And, most importantly, the guide and his considerations for us were top-notch.

Rick’s other hunts are fashioned in the same model as his turkey hunt. He emphasizes quality over quantity so he only takes five guests at a time for deer and four for wild hogs. Bob, me, a friend of ours, and Dave Proctor (VBA Executive Vice President & Flight Editor) have booked a deer hunt with Rick this September and Bob has booked a hog hunt in January. I got my deer hunt with Rick as the result of being the high bidder on a hunt he donated to the 2008 VBA banquet. You will read the results of that hunt in a future issue. In the meantime, be safe in the woods because when you are accident-free and have your health nothing else matters.

## Agenda Items for September 2008 Meeting

- Cub Run Archers proposes a senior division be added to State 3-D Shoots.
- Cub Run Archers proposes a pee-wee division at the State Open & Closed. Cub Run proposed that the rule changes take effect 2009. Note: Pee-Wee stakes need not be permanent and the distance shot would be half the yardage that cubs shoot.

Justification: Increased attendance and revenue for hosting club and VBA.

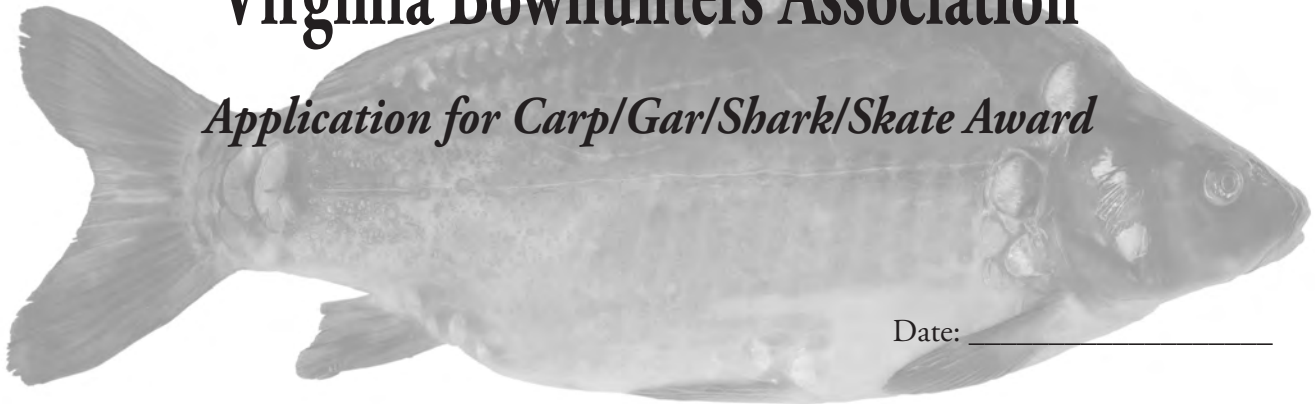

- Blackwater Bowhunters proposes purchase of 100 each ¾" pins for 500, perfect animal and Robin Hood with VBA patch emblem for cost of \$1.99 each and sold for \$5.00 each to qualified shooters. Profits from sales to be set aside for future purchases of 20 pins.

Justification: recognition of successful shooters.

## ***IBEP Instructor Course***

An International Bowhunter Education (IBEP) class designed to qualify new instructors to teach the basic one-day IBEP course will be held Sunday, August 17, 2008 from 8 AM to 5 PM at the Archery Center, Ft. Belvoir, Virginia.

Enrollment in the class will be on a first-come first-served basis. Students must be a VBA member, must already have attended the basic IBEP course and must present their IBEP card to be enrolled. There is no charge to attend this instruction. To enroll, contact Dave Burpee, VBA Hunting Vice President. He can be reached by phone at home or work: (h) 703-913-0508; (w) 301-227-7385. You can also contact him by e-mail: (h) [burpeed@verizon.net](mailto:burpeed@verizon.net); (w) [david.h.burpee@nga.mil](mailto:david.h.burpee@nga.mil). The deadline to contact Dave is August 1. He will provide directions and additional information to those who plan to attend. He is also available to answer questions.

This class is an important event for bowhunters in Virginia. As many of you know, several places in the U.S. and overseas will not issue a hunting license unless a person can prove they have attended an IBEP course. A problem for our VBA members and for all bowhunters in Virginia is that Virginia now lacks enough certified instructors to meet the demand for classes. This class will increase the numbers of instructors, which will help take the teaching burden off the current limited numbers of instructors and also hopefully make it possible to give classes in many locations around the Commonwealth.

It takes three instructors to give a meaningful and fully rewarding IBEP class. VBA clubs are encouraged to have three or more qualified members attend the training session. If this is not possible, clubs are encouraged to contact other clubs in their VBA zones to have one or more members from each attend so instructors and training resources can be pooled on a zone basis. Having qualified instructors in various areas also makes it possible for the Program Director in the Commonwealth to maximize the use of resources when planning presentation of the basic course.

The IBEP course is scheduled on the same weekend as the VBA 3-D Fall Classic. This was made necessary by a combination of scheduling factors and the availability of the instructors – all of which must be NBEF/IBEP Master Instructors, of which there are very few in the Commonwealth. The consensus of many people contacted was that this event would not impact the vast majority of potential attendees and of the few it did impact there was the impression that many of them would sacrifice attendance for one time at this annual shoot to participate in training that would have a lasting impact on archery in Virginia.

The VBA is proud to be a part of the IBEP program, which was developed by the National Bowhunter Education Foundation and is sanctioned by the Virginia Department of Game and Inland Fisheries. The VDGIF uses the VBA as its volunteer organization to conduct the classes on its behalf in the Commonwealth. The VBA has a long and proud tradition in this endeavor and the new instructors will become a part of that history.
