Blue Rock Antelope

Two members of the Augusta Archers traveled to Miles City, Montana, for a fun and action packed antelope hunt on September 19, 1992. Tom Puckett and Garry Pruitt were introduced to big game decoys by outfitter Kurt Hughes and guide Chris Harlow.

They utilized Mel Dutton's antelope decoy to lure active rutting bucks into bow range; shots within 20 yards are common. Both hunters were successful, taking potential pope and young bucks. They will be submitted for official measurement after the required drying time.

If you enjoy a "fun" hunt and like calling (decoy) game, this hunt is highly recommended. You may contact

Kurt Hughes of Blue Rock Outfitters, Tongue River Stage, Miles City, MT 59301, (406) 232-5250. Kurt can help with discounts on travel arrangements.

Both Kurt and Chris are true professionals and work hard to get you shots at trophy bucks. You get your money's worth!

You can pack light on this one, a desert camo outfit, lightweight hiking boots, light long underwear and a sleeping bag is all that's needed besides your archery equipment. Tom used a Hoyt Spectra 5000 set at 62 lb. and 29" Easton 2216 Camo Hunters with 145 grain bow bullets. Garry used a Hoyt Spectra Fastflight Set at 63 lb. and 29" Easton 2216 Camo Hunters with 125 grain 2 Wickey Eskimo Heads.

Club News

Septa Bowmen

We would like to invite you to this year's State Indoor in Suffolk, hosted by Kingsboro Bowmen. Septa Bowmen will be supplying food, drinks and tee shirts at this event. All of us who shoot bows have, at one time or another, purchased bows, arrows and other items that just didn't meet our needs. A lot of this "stuff" is good equipment, but unuseable for one reason or another. If you have any "stuff" like this, bring it with you. We will set up a table and have a bow equipment yard sale. So brush the dust off that unused equipment and bring it right along!

See ya' there!

Septa Bowmen's Annual Peckerwood Trophy goes this year to Scott Liebold for shooting a tree instead of a potential Pope & Young buck standing eight yards away. As so often happens, the tragic disappointment drove Scott to poetical ravings. (See right.)

Why Ask Why?

The archer hopes he'll never hear
A sound so horrid to the ear
As metal piercing bark and wood
The shot that he was sure he could.

All things were done with care and precision
The archer carefully weights every decision
The wind, the weather, the time of day
All factor in to the trap he lay.

Stand placement perfect,
All things in sync
How is he to know
That the shot will stink.

The archer believes he's done all that he can do
Could it have been his follow through?
The errant shot into the bark
Erupts into the wood so loudly-yet hark
As your quarry bounds away
One can hear him laugh and say
To shoot a tree-there's only one reason
For the archer-trees are always in season.

Scott "Peckerwood" Liebold, 1993

Kingsboro Bowmen

In September 1992, Kingsboro Bowmen participated in National Hunting and Fishing days for the 6th year. This event was held at Sleepy Hole Park, Portsmouth, Virginia.

Kingsboro's members gave over the 250 youth the opportunity to shoot a bow for the first time as well as receive instruction in safety and the fundamentals of archery. There were many others who return year after year "to shoot a bow."

Adults were also given information on archery, the VBA, bowhunter safety.

Kingsboro received the first place award for "Best Demonstration" in this national event.

Thank you to all my fellow club members for their contribution of time, equipment and knowledge in making this weekend a success and spreading the good word of archery.

United Bowhunters of Pennsylvania

Gain Valuable Hunting Advice by These Noted Speakers

(In Alphabetical Order)

Gary Alt "The Bears of North America" - Gary is a bear biologist for the Pennsylvania Game Commission. His seminars are funny, informative and in great demand. Gary has to turn down more than 500 speaking engagements each year.

Jim Barnhardt "Camouflage, a Scientific Approach" - Jim was born and raised in Pennsylvania. He is currently a contributing editor for BOWHUNTER MAGAZINE and the principle designer of ASAT camouflage. Jim is also a former director of the National Bowhunter Education Foundation and an animal behavior research specialist.

Len Cardinale "Bowhunting 'Shooting' Various Effective Styles" - Len is a field editor for BOWHUNTER MAGAZINE. He is a senior member of the Pope & Young Club and a NAA master coach. He is also a board member of the National Bowhunter Education Foundation.

Brad Clinton "Common 'Scents' to Outsmart a Whitetail Buck" - Brad has produced several video tapes concerning bowhunting Pennsylvania whitetails. Brad is an experienced speaker and hunter. Brad will help you get that trophy in close.

Kelly Cooper "Getting Close to 'Powerack' Bucks" - Kelly Cooper seminars on calling wild game are in high demand.

Roy Goodwin "Bowhunting North American Big Game Animals" - Roy is the editor of EASTERN BOWHUNTING newspaper. He is an accomplished bowhunter with many trophies to his credit. Roy has also been involved with the production of several bowhunting video tapes.

Tim Reed "Bowhunting the Elusive Cougar" - Tim is the current president of the Professional Bowhunters Society. He is a past president of the West Virginia Bowhunters Association. Tim is a board member of the NBEF. He will speak with Fred Richter on lion hunting.

Fred Richter "Hunting Mountain Lion" - Fred is the current chairman of the National Bowhunter Education Foundation. He is also a past president of PBS and the West Virginia Bowhunters Association. He will speak with Tim Reed on lion hunting.

Dr. Dave Samuel "Bowhunting Africa" - Dave Samuel is about the busiest bowhunter in the world. Dave serves on and chairs many committees concerned with the anti-hunting threat. Dave is the author of many articles and is a contributing editor for BOWHUNTER MAGAZINE, PENNSYLVANIA SPORTSMAN, DEER AND DEER HUNTING and EASTERN BOWHUNTING. Dave will be the featured speaker at our banquet.

Rick Story "Neutralizing the Anti-hunting Threat" - Rick is the vice president of the Wildlife Legislative Fund of America where the Bowhunter Defense Coalition was formed. Rick was the keynote speaker at the 1991 Pope & Young Convention in Seattle.

Barry Wensel - Barry's humor and knowledge of bowhunting has made him a household word among bowhunters. Barry is perhaps most known for his work in two hit video's, "Bowhunting October Whitetails I and II".

Gene Wensel "Hunting Rutting Whitetails" - Gene is a very well known bowhunter. His "Classic Whitetails" seminars have been seen by thousands of bowhunters across America.

C.J. Winand "Deer Vocalization" & "Computerized Sonogram Comparisons between Real Deer Grunts & Man Made Grunt Call" - C.J. is a wildlife biologist on the hunting advisory staff of Lohman Game Calls and Robbin's Scent Company. C.J. has guided and worked on several trophy deer ranches in Texas.

Larry Wise "Bowhunting, How it Can Make Us More Effective Hunters" - Larry is known for his expertise in shooting and tuning the bow to shoot broadheads. Larry is sponsored by XI Bows and Sherwood Schoch Associates.

(NOT PICTURED)

Jack Brobst "Bowhunting The Wild Turkey" - Jack is a well known author and speaker on the wild turkey. Jack will explain some of the main points that consistently help him tag turkeys with bow and arrows.

Lou Martinez "Protect 'What's Right' Booth" - Lou is well known for his efforts combating the anti-hunting threat. Lou is a past president of the United Bowhunters of New Jersey and is currently a representative for the Wildlife Legislative Fund of America.

Bowhunting Committee Meeting Report

The Committee-Sponsored IBEP (International Bowhunters Education Program) instructors course given January 16th was a great success, with over 20 participants from all over the state. The Committee will be working to strengthen this program and will give another instructors course at the June VBA meeting, Saturday, June 26, at 8:00 a.m. in Charlottesville. If you are interested in becoming an instructor or know anyone who is, please contact myself or Ken Sorrels.

Since the best way to fight the antihunters and to promote and improve sportsmanship in bowhunting is through education, I strongly urge all local clubs to sponsor an IBEP course. Even if you have been bowhunting for a number of years, I believe you can receive valuable information from this course. This is not simply a safety course. It covers all aspects of bowhunting.

Sponsoring a course is as simple as contacting a local instructor, providing a location to teach the course, and finding students. This is a great way for the local club to both bring its membership together and to recruit new members. If you need any assistance, just contact myself or Ken Sorrels. We will be glad to help in any way we can.

With the direction of John Street, the Committee will work on the establishment of a network of people to contact on short notice about any pending legislative or other problems of interest to the VBA and bowhunting community. The network would operate by each person being contacted, in turn, contacting an additional ten people. Each person would be informed of what is happening and instructed on what actions to take (calling Congressmen, Senators, Game Commissioners, etc.) A listing of who to call with phone numbers and fax numbers will also need to be compiled. If you are interested in becoming part of this network, please establish a list of ten people you can contact as part of a network. These people should be ones that you know will help by contacting ten additional people and will spend the time to take whatever action is necessary. Hopefully, some or most of these people will not be VBA members. In addition, please compile a list of local news media sources - newspapers, radio and TV stations, or other local publication with names of people to contact (sportswriters, editors, etc.). Please forward these lists to me as soon as possible.

Editor, *Flight*

At the upcoming March meeting of the VBA, there will be several agenda items to be voted upon by the delegates that are of great importance to the ability of the VBA to continue to serve its members in the exemplary manner that all of us take for granted.

Our championship tournaments over the last 35 years have degenerated into hardware giveaways with about two-thirds of the participants receiving an award. We have entirely too many classes and divisions with insufficient participants to justify and pay for the number of awards.

During these 35 years, we have added divisions and then added classes to those divisions so that all members could compete with the equipment and shooting style of their choice under the threat that if we did not add all those smaller ponds for shooters to jump into, attendance would diminish. But attendance has dropped, and VBA can no longer afford the cost of providing awards for such an excessive percentage of the shooters attending a championship.

If the unit rule is applied at the state championships, any second and third place winners will actually have outperformed some other identically-classed shooters, thereby making the competition actually a championship. The number of shooters will be sufficient to support the number of awards and VBA will not lose money providing awards at the championships. The alternative is a dues increase, which is bad business at a time when waste is obvious.

The round robin for selection of VBA championship host clubs should be removed along with a return to the bid system that worked well for many years. The round robin provides for no avenue of accountability for the host clubs. The members of this association should have the right to choose the host clubs annually, based on past performance or whatever reason. The members and directors of VBA should have the ability to demand accountability and send the proper message when a host club fails to take seriously its responsibility to provide excellent facilities and a well-run state championship tournament. The competitive bid system of selection will accomplish this. The round robin has not.
