## PRINCESS ANNE BOWMEN

Greetings from PAB . . . The tournament season has begun and, we wish to congratulate Nina Enders, the State Indoor Barebow Champion . . . Great way to start the year, Nina.

We had our Annual Awards Banquet in February. Trophies were given to the following Club Champions: FS-Benny Villorente and Marlene Vanek, BB-Charlie Brunnelson and Mary Fry, CFBH/UL-Buddy Jones, CVBH/L-Kemp Savage, Bh-T.W. Smith, YFS-Calvin Holmes-Ray, Cub FS-Tyler Brown and Cub BB-Scott Williams.

The winter Indoor League winners were: Monday - Troy Saunders and Gary Wauguman; Tuesday-Ken and Cathy Chilton; Wednesday-Dave and Dana McLaughlin; Thursday-Pete King and Bill Powell, Friday-Bill and Earlene Reeves. All nights are filled on the Spring leagues.

PAB is having their first Invitational Shoot of this year on April 25. If you are planning to attend, please allow yourself extra time—Oceana Air Base is having an open house the same day with an Exhibition of the Blue Angels, so the traffic will be pretty heavy in the morning.

June 5 and 6 is the date for the Princess Anne Bowmen Silver Quiver. Casual and multiple registration. Limited camping facilities are available. The first round will be \$6.00 and all other rounds \$2.00. A horseshoe tournament Saturday afternoon. Food available for lunch both days. Saturday, registration 9 a.m.-noon. ## LETTER TO THE EDITOR OF THE ROANOKE TIMES NOT HUNTERS

Speaking as a hunter and for other hunters, I request that your newspaper refrain from referring to . . . the men charged with the attempted murder of game warden William D. Rose as "hunters." The shooting of deer or any other animal at night with spotlights and rifles is not hunting; it is spotlighting and poaching and it is illegal.

Sportsmen and legal hunters who do obey the game laws do not deserve to have this type of activity associated with them.

## NFAA FLIGHT SYSTEM

1. The NFAA Flight System will be used at National and Sectional tournaments.
2. Flights will be provided in each division and shooting style as follows: 1 to 15 shooters, one flight; 16 to 32 shooters, two flights; 33 to 45 shooters, three flights; 46-64 shooters, four flights; and 65 or more shooters, five flights, and so forth.
3. For outdoor nationals and sectionals, archers may be arranged in flights by average scores at the start of the tournament. Archers without established average scores may be placed into flights at the end of the field round(s) according to scores shot (or at the discretion of the tournament chairman).
4. For indoor nationals and sectionals, archers may be arranged in flights according to scores shot after the first round (or at the discretion of the tournament chairman).
5. Equal division of the number of archers in each flight will be maintained, except that the last flight will record a lesser number (for two flights) or an unequal number (for three or more flights) as may be required. When two or more tie scores appear at the flight break, the archers tied will be placed at the top of the lower flight, without disturbing the remaining flights as originally established.
6. The flight system does not apply to the Professional Division.

## RULES COMPETITIVE COMMITTEE

Page 48, Article VI, Section I, change as follows:

**Paragraph 1**, after the word end add the following; or as an alternate, 5 ends of 4 arrows per end.

**Paragraph 2**, New sub para c) The NFAA Indoor Championship target may be used when shooting 4 arrows per end as allowed in para. 1 above.

**Paragraph 4**, Sub-para b) delete the entire para and insert new wording to read; The time limit shall be 5 minutes when shooting 5 arrows per end and 4 minutes when shooting 4 arrows per end.

**Paragraph 5**, New subpara i) to read:

i) When using the NFAA Indoor Championship Target:

- 1) Scoring shall be 5 points for the combined 4cm X-ring and 8cm white ring and 4 points for the combined 12cm and 16cm blue rings.
- 2) One arrow shall be shot at each of the four targets during each end.
- 3) If more than 1 arrow is shot into a target, the arrow of higher scoring value is lost.

**New Paragraph (D)** When shooting the 4 arrow end the tournament director may allow the archer to use either target.

## BOWHUNTER COMMITTEE

This bowhunter committee recommends the adoption of the Bowhunter Jamboree and Rendezvous Manual, as written by Larry Trumbull, Bill Wadsworth and Wayne Trimm, either in part or complete, in relation to the proposed National Bowhunter Jamboree and Championship.

The bowhunting committee proposes the following guidelines for an NFAA National Bowhunting Jamboree to be held on a two year trial basis.

The Jamboree shall be a three (3) day tour-

namment held on a Friday, Saturday, Sunday, or Saturday, Sunday, Monday, at a date negotiable with the host club.

Twenty eight targets are to be shot per day. Target are to be a silhouette or 3D free standing target. We recommend the distance to be shot would be a minimum of 25 yards and a maximum of 65 yards. There will be no marked yardage. Each target will be a two position target with one arrow shot from each distance.

The tournament will be open to all bowhunters 16 years of age and older. All NFAA equipment rules shall apply. Broadheads will not be allowed.

On each target the archer with the highest total accumulative score will shoot first. All others on the same target will follow in numerical order so that the lowest score always shoots last. In case of tied scores the shooting order for the archers involved will not change. All scores will be on a scratch basis.

Scoring or arrows will be as follows:

- (A) 1st arrow kill - 4 points
- (B) 1st arrow wound - 3 points
- (C) 2nd arrow kill - 2 points
- (D) 2th arrow wound - 1 point

### DIVISIONS:

There shall be two (2) divisions of competition; Championship and Guest. Each division having a different color score card.

### SHOOTING STYLES:

There will be three styles of shooting recognized in both divisions:

- (A) Competitive Bowhunter - Men and Women
- (B) Freestyle Limited Bowhunter - Men and Women
- (C) Freestyle Bowhunter - Men and Women

### FLIGHT SYSTEM:

- (1) Championship Division - there shall be a maximum of three flights for each shooting style and sex. Flights will be divided equally as possible at the completion of the final day of shooting. If the number is unequal, the odd number will be in the third flight.
- (2) Guest Division - there shall be one flight for each shooting style and sex.

### AWARDS:

- (1) An NFAA patch and chevron award will be given to all flight winners in the championship division.

### FEES:

Pre-registration fee shall be \$25.00 per person for this event, with a \$10.00 late registration fee.

Pre-registrants that do not attend will be refunded their registration fee if written application is made within 10 days after completion of tournament.

### SPECIAL EVENTS:

There will be a minimum of three special events. Example:

- (A) A Clout Shoot.
- (B) Pop-Up Targets.
- (C) Smoker Round.
- (D) Timed Silhouette Round.

In the afternoon or evening we recommend the following examples of events to be held.

- (A) A Varmint Calling Contest.
- (B) Big Game Measuring Seminar.
- (C) Wildlife Movies.

### FINANCES:

The host club will receive 50% of all registration fees and 50% of all special round revenues. The host club will receive all proceeds from food and concessions.

## VBA MEETING HIGHLIGHTS

By Ann Boyd

With 18 voting delegates and 11 guests in attendance, the quarterly meeting of the Virginia Bowhunters was held on March 27 and 28 in Charlottesville.

The Bowhunter Education Program course was held on Saturday with 36 attending and was deemed a great success.

The Kingsboro Bowmen of Suffolk were welcomed into the VBA as a new club.

Due to the increased cost of postage and price of paper it was decided that in the future such things as letters to the VBA, audit reports, etc. will be placed on file with the Corresponding secretary's office rather than be included in the minutes. Anyone may review these items upon request.

Hunting Vice-President Dave Proctor reported that at the recent Game Commission meeting, two proposals were introduced that would directly affect us:

1. Proposal to "case" all weapons while travelling on National hunting

lands. (Dave was instructed by the delegates to support the Game Commission position to "case" bows on certain lands.)

2. Proposal to add second deer of either sex during the bow season west of the Blue Ridge.

Dickie Hall, Field Vice-President reminded clubs that in Youth, Cub and Young Adult there are only 2 divisions—Barebow and Freestyle, Limited and Unlimited.

Virginia Field Governor Bill Taylor asked that if your clubs needs to be inspected, make sure that the inspector assigned to your area does the inspecting and signs the forms.

The delegates voted to accept Agenda item stating that a 5 year moratorium be placed on any proposed changes to the number and type of rounds shot at the State Open and Closed.

The following are agenda items to be voted on at the June meeting. Please note that it is at the June meeting that the bids are tendered for the 1983 State Shoots.

1. (Manahoac) Host clubs for State Closed and Open have a minimum of three ranges.

2. (Manahoac) Host club for these

above tournaments be able to accommodate 200 archers.

3. (Manahoac) No shoots of any kind, club or otherwise, on the days of State Shoots.

4. (Norva) That starting with the 1983 VBA sanctioned tournament schedule, all VBA pin shoots have all participants grouped as closely as possible to their division and class, assigned to a target and started at the same time.
